## *Employee BYOD Cell Phone Policy*

*Board Approved: June 29, 2022*

SCVi extends its employees the privilege of using smartphone and tablets of their choosing at work for their convenience. SCVi reserves the right to revoke this privilege if users do not follow BYOD agreement outlined below as well as the School Communication and Technology Use Policy outlined in the Employee Guidebook. Additionally, employees whose job duties require them to use a cell phone for business purposes are eligible for a monthly reimbursement. This agreement is intended to outline the terms of the monthly reimbursement and to protect the security and integrity of SCVi data and technology infrastructure.

- 1. Policy:** Employees whose job duties include the need for cell phone will receive a reimbursement to cover business-related costs associated with using their personal cell phone.
  - a. SCVi will not provide a reimbursement of an amount greater than the employee's current service plan.
  - b. The cell phone service is personally owned and may be therefore be used for both *personal* and *business* calls.
  - c. As a general rule, cell phones should not be selected as an alternative if other means of communication are available to the employee—e.g. land lines, radio phones, walkie-talkie. Employees who are able to use such alternative means for all communications necessitated by their job duties, and therefore do not need to use their cell phones for work purposes, are not eligible to receive the cell phone reimbursement.

should contact his or her department head immediately to discuss whether he or she qualifies for a reimbursement.

The reimbursement is not an increase to base pay, and will not be included in the calculation of percentage increases to base pay due to salary increases, promotions, etc.
- d. Employees who believe they are not being adequately reimbursed for work related usage of their personal cell phones are encouraged to consult with their department head, and should be prepared to submit their detailed cell phone bill indicating which charges and calls are business-related for reimbursement of actual charges that exceed the reimbursement amount.
