Part IV - Carry-forward Adjustment

The carry-forward adjustment is an after-the-fact adjustment for the difference between indirect costs recoverable using the indirect cost rate approved for use in a given year, and the actual indirect costs incurred in that year. The carry-forward adjustment eliminates the need for LEAs to file amended federal reports when their actual indirect costs vary from the estimated indirect costs on which the approved rate was based.

Where the ratio of indirect costs incurred in the current year is less than the estimated ratio of indirect costs on which the approved rate for use in the current year was based, the carry-forward adjustment is limited by using either the approved rate times current year base costs, or the highest rate actually used to recover costs from any program times current year base costs, if the highest rate used was less than the approved rate. Rates used to recover costs from programs are displayed in Exhibit A.

School districts, county offices of education, or charter schools, collectively known as LEAs, that receive Elementary and Secondary School Emergency Relief (ESSER) funds under the American Rescue Plan Act, referred to as ESSER III funds, are required to develop a plan for how they will use their ESSER III funds. In the plan, an LEA must explain how it intends to use its ESSER III funds to address learners' academic, social, emotional, and mental health needs, as well as any opportunity gaps that existed before, and were worsened by, the COVID-19 pandemic. An LEA may also use its ESSER III funds in other ways, as detailed in the Fiscal Requirements section of the Instructions. In developing the plan, the LEA has flexibility to include community input and/or actions included in other planning documents, such as the Local Control and Accountability Plan (LCAP), provided that the input and actions are relevant to the LEA's Plan to support learners.

Community Engagement

An LEA's decisions about how to use its ESSER III funds will directly impact the learners, families, and the local community. The following is a description of how the LEA meaningfully consulted with its community members in determining the prevention and mitigation strategies, strategies to address the academic impact of lost instructional time, and any other strategies or activities to be implemented by the LEA. In developing the plan, the LEA has flexibility to include input received from community members during the development of other LEA Plans, such as the LCAP, provided that the input is relevant to the development of the LEA's ESSER III Expenditure Plan.

A description of the efforts made by the LEA to meaningfully consult with its required community members and the opportunities provided by the LEA for public input in the development of the plan.

Through working with parent groups, the school received feedback on specific needs as a result of the pandemic. The staff analyzed data to develop the plan. They reviewed the plan with staff at meetings on the development of the plan. State and local requirements were monitored so that the plan remained current to ensure the facilities were prepared to be an ongoing safe space for instruction, social emotional needs were being met, and learning gaps addressed. The information was also discussed at board meetings that are open to the public.

Based on input and learner need, additional technology, staffing, safety measures, curriculum, and/or social emotional supports were added to support the learners and mitigate learning loss.

Actions and Expenditures to Address Learner Needs

The following is the LEA's plan for using its ESSER III funds to meet learners' academic, social, emotional, and mental health needs, as well as how the LEA will address the opportunity gaps that existed before, and were exacerbated by, the COVID-19 pandemic. In developing the plan, the LEA has the flexibility to include actions described in existing plans, including the LCAP and/or Expanded Learning Opportunity (ELO) Grant Plan, to the extent that the action(s) address the requirements of the ESSER III Expenditure Plan.

Strategies for Continuous and Safe In-Person Learning

ESSER III Expenditure Plan Executive Summary for Board Information October 2021

Local educational agencies (LEAs) that receive Elementary and Secondary School Emergency Relief (ESSER) funds under the American Rescue Plan (ARP) Act, referred to as ESSER III funds, are required to develop a plan detailing how they will use their ESSER III funds to, at a minimum, address learners' academic, social, emotional, and mental health needs, as well as the opportunity gaps that existed before, and were exacerbated by, the COVID-19 pandemic. The plan is required to address the following:

- The extent to which and how the funds will be used to implement prevention and mitigation strategies that are, to the greatest extent practicable, consistent with the most recent CDC guidance on reopening schools, in order to continuously and safely open and operate schools for in-person learning.
- How the LEA will use the minimum of 20% of funds it reserves for learning loss to address the academic impact of lost
 instructional time through the implementation of evidence-based interventions, such as summer learning or summer enrichment,
 extended day, comprehensive after school programs, or extended school year programs.
- How the LEA will spend its remaining ESSER III funds consistent with the allowable uses.
- How the LEA will ensure that the interventions it implements, including but not limited to the interventions to address learning loss, will respond to the academic, social, emotional, and mental health needs of all learners, and particularly those learners disproportionately impacted by the COVID–19 pandemic, including learners from low-income families, learners of color, English learners, children with disabilities, learners experiencing homelessness, children in foster care, and migratory learners.

In developing their plan, LEAs must engage in meaningful consultation with specified educational partners, including: learners; families; school and charter school administrators (including special education administrators); and facilitators, directors, school leaders, other educators, school staff, and their unions. In addition, LEAs must also engage in meaningful consultation, to the extent they are present or served by the LEA, with: Tribes; civil rights organizations (including disability rights organizations); and stakeholders representing the interests of children with disabilities, English learners, children experiencing homelessness, children in foster care, migratory learners, children who are incarcerated, and other underserved learners. Finally, LEAs must provide the opportunity to provide public input and take such input into account.

The plan must be adopted by the local governing board or body of the LEA at a public meeting on or before October 29, 2021 and must be submitted for review and approval within five days of adoption. A school district must submit its ESSER III Expenditure Plan to its County Office of Education (COE) for review and approval; a COE must submit its plan to the California Department of Education for review and approval. A charter school must submit its plan to its chartering authority for review and to the COE of the county in which the charter school operates for review and approval. In addition, the plan must be made publicly available on the LEA's website.

Master Agreements

The School Director or designee shall ensure that the school executes a written independent study agreement with each participating student as prescribed by law. Individual independent study agreements and any subordinate contracts and assignments must be consistent with the school's adopted course of study.

A written independent study agreement shall be executed for each participating student. Each agreement shall be signed and in effect prior to the start of reporting attendance (ADA) pursuant to that agreement. Notwithstanding the foregoing, for the 2021-22 school year only, each agreement shall be signed no later than 30 days after the first day of instruction in an independent study program or October 15, 2021, whichever date comes later. The independent study agreement for a student must require and cover a study plan that represents no less than the equivalent of a minimum school day for the student's grade level for every school day covered by the agreement. Written agreements may include subsidiary agreements, such as course contracts.

Written Learning Agreements shall include

- A schedule of manner, frequency, date, time, and place for submitting a student's assignments, for reporting the student's academic progress, and for communicating with a student's parent or guardian regarding a pupil's academic progress.
- 2. The objectives and methods of study for the student's work, and the methods utilized used to evaluate that work.
- The specific resources, including materials and staff, which will be made available to the student. These resources shall include confirming or providing access to all students to the connectivity and devices adequate to participate in the educational program and complete assigned work.
- 4. A statement of the school's policies regarding the maximum length of time allowed between the assignment and the completion of a student's assigned work, the level of satisfactory educational progress, and the number of missed assignments allowed before an evaluation of whether or not the student should be allowed to continue in independent study.
- 5. The duration of the independent study agreement, including the beginning and ending dates for the student's participation in independent study under the agreement. No independent study agreement shall be valid for any period longer than one school year.
- 6. A statement of the number of course credits or, for the elementary grades, other measures of academic accomplishment appropriate to the agreement, to be earned by the pupil upon completion.
- 7. A statement detailing the academic and other supports that will be provided to address the needs of students who are not performing at grade level, or need support in other areas, such as English learners, individuals with exceptional needs in order to be consistent with the student's IEP or plan pursuant to Section 504 of the federal Rehabilitation Act of 1973 (29 U.S.C. Sec. 794), students in foster care or experiencing homelessness, and students requiring mental health supports.
- 8. A statement that independent study is an optional educational alternative in which no student may be required to participate. In the case of a student who is referred or assigned to any school, class, or program pursuant to Education Code Section 48915 or 48917, the agreement also shall include the statement that instruction may be provided to the student through independent study only if the student is offered the alternative of classroom instruction.

The learning agreement shall be signed by the pupil and, if the pupil is less than 18 years of age, the pupil's parent or legal guardian, the certificated employee who has been designated as having responsibility for the general supervision of independent study, and all persons who have direct responsibility for providing assistance to the student. The signed learning agreement constitutes permission from a pupil's parent or legal guardian, if the pupil is less than 18 years of age, for the pupil to receive instruction through independent study.

A physical or electronic copy of the signed learning agreement shall be retained by the school for at least three years and as appropriate for auditing purposes.

For purposes of this section, an electronic copy includes a computer or electronic stored image of an original document, including, but not limited to, portable document format, JPEG, or other digital image file type, that may be sent via fax machine, email, or other electronic means.

Upon the request of the parent or guardian of a student, <u>before signing a written agreement</u>, the school shall conduct a <u>telephone</u>, videoconference, or in-person student-parent-educator conference or other school meeting during which the student, parent or guardian, and, if requested by the student or parent, an education advocate, may ask questions about the educational options, including which curriculum offerings and nonacademic supports will be available to the student in independent study, before making the decision about enrollment or disenrollment in the various options for learning.

Participation may be limited:

- 1. No individual with disabilities, as defined in Education Code 56026, may participate in independent study unless his/her IEP specifically provides for such participation.
- 2. Students enrolling in independent study must be residents of the local county or an adjacent county.

AB 361 Emergency Legislation Regarding Brown Act Meeting Requirements Board Approved:

Whereas, the Governor signed an Executive Order Suspending the Brown Act until October 1, 2021,

Whereas, the Governor signed Emergency Legislation AB 361 in September 2021,

Whereas, according to AB 361, the public charter school Board may take advantage of additional flexibility in teleconference meetings so long as the school complies with the following:

- The public has access via internet and/or telephone to the Board meeting and can provide public comment in some electronic form,
- The charter school uses it sound discretion and makes reasonable efforts to adhere, as closely as possible, to the other provisions of the Brown Act in order to maximize transparency and provide public access.

Whereas, AB 361 states that:

• If there is a state of emergency proclaimed by the Governor, the same suspension of teleconferencing rules apply, if either state or local officials have imposed or recommended measures to promote social distancing or, by Board vote a finding imminent risk to health or safety of attendees.

Whereas, SB 361 requires:

- The Board must provide means of how public comment will be available (internet/by phone);
- If a technical disruption occurs, no action can be taken; and
- No early requirement for public comment will be set into place and the Board shall allow for "real time" comments during full public comment period; and
- The Board makes a finding every 30 days to continue teleconferencing.

Therefore, based on the Board's 30-day reconsideration of the current circumstances of the State of Emergency and situations of the State of Emergency continues to directly impact the ability of members to meet safely in person, and/or the State or local officials continue to impose or recommend measures to promote social distancing;

The Board has determined that it will hold its next meeting in a hybrid mode allowing Board Members and the public to attend the meetings in person using social distancing requirements or virtually given individual needs and choice of the attendee.

Failure to Maintain Insurance. District's failure to maintain or to provide acceptable evidence that it maintains the Required Insurance shall constitute a material breach of the Contract, upon which County immediately may withhold payments due to District, and/or suspend or terminate this Contract.
