# AB 361 Emergency Legislation Regarding Brown Act Meeting Requirements Board Approved:

Whereas, the Governor signed an Executive Order Suspending the Brown Act until October 1, 2021,

Whereas, the Governor signed Emergency Legislation AB 361 in September 2021,

Whereas, according to AB 361, the public charter school Board may take advantage of additional flexibility in teleconference meetings so long as the school complies with the following:

- The public has access via internet and/or telephone to the Board meeting and can provide public comment in some electronic form,
- The charter school uses it sound discretion and makes reasonable efforts to adhere, as closely as possible, to the other provisions of the Brown Act in order to maximize transparency and provide public access.

#### Whereas, AB 361 states that:

• If there is a state of emergency proclaimed by the Governor, the same suspension of teleconferencing rules apply, if either state or local officials have imposed or recommended measures to promote social distancing or, by Board vote a finding imminent risk to health or safety of attendees.

#### Whereas, SB 361 requires:

- The Board must provide means of how public comment will be available (internet/by phone);
- If a technical disruption occurs, no action can be taken; and
- No early requirement for public comment will be set into place and the Board shall allow for "real time" comments during full public comment period; and
- The Board makes a finding every 30 days to continue teleconferencing.

Therefore, based on the Board's 30-day reconsideration of the current circumstances of the State of Emergency and situations of the State of Emergency continues to directly impact the ability of members to meet safely in person, and/or the State or local officials continue to impose or recommend measures to promote social distancing;

The Board has determined that it will hold its next meeting in a hybrid mode allowing Board Members and the public to attend the meetings in person using social distancing requirements or virtually given individual needs and choice of the attendee.

# Supplement to the Annual Update to the 2021–22 Local Control and Accountability Plan

**Board Approved:** 

Local Educational Agency (LEA) Name	Contact Name and Title	Email and Phone
iLEAD Agua Dulce	Lisa Latimer, Director	lisa.latimer@ileadaguadulce.org
IEE/ID/Igua Daloc	Lisa Latimor, Director	(661) 268-6386

California's 2021–22 Budget Act, the federal American Rescue Plan Act of 2021, and other state and federal relief acts have provided local educational agencies (LEAs) with a significant increase in funding to support students, teachers, staff, and their communities in recovering from the COVID-19 pandemic and to address the impacts of distance learning on students. The following is a one-time mid-year report to the local governing board or body and educational partners related to engagement on, and implementation of, these Acts.

A description of how and when the LEA engaged, or plans to engage, its educational partners on the use of funds provided through the Budget Act of 2021 that were not included in the 2021–22 Local Control and Accountability Plan (LCAP).

In addition to the 2021-2022 Local Control Funding Formula expenditures and the Local Control Accountability Plan (approved in June 2021), the school received one time funding due to the COVID-19 pandemic and the impacts of learning on its learners. iLEAD Agua Dulce has received the Extended Learning Opportunity and the In Person Instruction Grants. Engagement and consultation with educational partners and the community at large took place with discussions and collaborations in the spring of 2021. The staff, parents, and community at large were notified of the additional funding and planning through parent groups, staff meetings, and at public board meetings.

A description of how the LEA used, or plans to use, the additional concentration grant add-on funding it received to increase the number of staff who provide direct services to students on school campuses with an enrollment of students who are low-income, English learners, and/or foster youth that is greater than 55 percent.

iLEAD Agua Dulce does not qualify for State concentration grant funding because it does not have the required number of learners who are deemed low-income, English learner, and/or foster youth.

A description of how and when the LEA engaged its educational partners on the use of one-time federal funds received that are intended to support recovery from the COVID-19 pandemic and the impacts of distance learning on pupils.

The school received one time federal funding due to the COVID-19 pandemic and the impacts of learning on its learners. iLEAD Agua Dulce has received the Elementary and Secondary School Emergency Relief (ESSER) II and III funding. Engagement and consultation with educational partners and the community at large took place with schoolwide information and specific meeting discussions. The learners, staff, parents, and community at large were notified of the additional funding and planning through Monday Messages, working with parent groups, during staff meetings, and at public board meetings.

The ESSER III plan was also sent to the school's authorizer, posted to the school website, and submitted to the LA County Office of Education. The school staff, educational partners, Board Members, and community at large reviewed the developed plan for spending in conjunction with the needs of the learners and school as applicable to the funding source. The EL/Homeless/Foster/Migrant administrative support personnel was included in the planning. State and local requirements were monitored so that the plan remained current to ensure the facilities were prepared to be an ongoing safe space for instruction, social emotional needs were being met, and learning gaps addressed. Support staff communicated with and attended state and local health meetings for pertinent updates. Prior to Board Meetings, the agendas and funding plan was posted at the meeting location and on the public website for all educational partners and the community at large to review. The additional funding sources were also discussed at Board Meetings that are open to the public and community at large (which included opportunities for public comment). Lastly, the special education administrative support team was in attendance during the Board Meeting discussions and actions taken to approve these plans as required.

A description of how the LEA is implementing the federal American Rescue Plan Act and federal Elementary and Secondary School Emergency Relief expenditure plan, and the successes and challenges experienced during implementation.

To maintain the health and safety of learners, facilitators, and other staff, iLEAD Agua Dulce developed and implemented a COVID-19 Safety Plan and Prevention Program (posted on the school's website) which outlined safety protocols. The School Director has kept families and staff informed on updated COVID safety procedures to support the continuity of services.

Some of the challenges during the 2021-2022 school year have been shortages in staff including staff vacancies and substitute coverage. Additionally, the ongoing changes in state protocols involving potential outbreaks have required extra meetings, revised procedures, and communications on COVID testing, contact tracing, tracking and reporting.

Through the use of one-time COVID relief funding, the school was able to provide a summer program paid for by Extended Learning Opportunity Grant funds to mitigate learning loss. ESSER II and III also provided for an additional Care Team Provider, the implementation of a Wellness Center, the development of a Makery, the creation of a Support Animal Program, and the purchasing of additional curriculum and materials such as CPM, science supplies, and classroom furniture. The In-Person Instruction Grant purchased needed emergency and safety equipment, additional Wi-Fi connectivity, printer, and laptops, school supplies and outdoor tools.

A description of how the LEA is using its fiscal resources received for the 2021–22 school year in a manner that is consistent with the applicable plans and is aligned with the LEA's 2021–22 LCAP and Annual Update.

The Safe Return to In-Person Instruction and Continuity of Services Plan was written to continuously and safely operate schools for in-person learning in a way that reduces or prevents the spread of the COVID-19 virus. 2021-2022 LCAP goals 1, 2 and 3 were written in part to ensure school safety, target children below proficiency, mitigate learning loss, support social emotional learning, and provide school equipment/technology as needed. The one—time funding has and will continue to provide additional opportunities to put these plans in action by providing the ability to purchase additional materials, curriculum, technology, training, and support as outlined above to meet the ongoing needs of learners.

# Instructions for the Supplement to the Annual Update for the 2021–22 Local Control and Accountability Plan Year

For additional questions or technical assistance related to the completion of the Supplement to the Annual Update to the 2021–22 Local Control and Accountability Plan (LCAP), please contact the local county office of education (COE), or the California Department of Education's (CDE's) Local Agency Systems Support Office, by phone at 916-319-0809 or by email at <a href="mailto:lcff@cde.ca.gov">lcff@cde.ca.gov</a>.

## Introduction

California's 2021–22 Budget Act, the federal American Rescue Plan Act of 2021, and other state and federal relief acts have provided local educational agencies (LEAs) with a significant increase in funding to support students, teachers, staff, and their communities in recovering from the COVID-19 pandemic and to address the impacts of distance learning on students. Section 124(e) of Assembly Bill 130 requires LEAs to present an update on the Annual Update to the 2021–22 LCAP and Budget Overview for Parents on or before February 28, 2022, at a regularly scheduled meeting of the governing board or body of the LEA. At this meeting, the LEA must include all of the following:

- The Supplement to the Annual Update for the 2021–22 LCAP (2021–22 Supplement);
- All available mid-year outcome data related to metrics identified in the 2021–22 LCAP; and
- Mid-year expenditure and implementation data on all actions identified in the 2021–22 LCAP.

When reporting available mid-year outcome, expenditure, and implementation data, LEAs have flexibility to provide this information as best suits the local context, provided that it is succinct and contains a level of detail that is meaningful and accessible for the LEA's educational partners.

The 2021–22 Supplement is considered part of the 2022–23 LCAP for the purposes of adoption, review, and approval, and must be included with the LCAP as follows:

- The 2022–23 Budget Overview for Parents
- The 2021–22 Supplement
- The 2022-23 LCAP
- The Action Tables for the 2022–23 LCAP
- The Instructions for the LCAP Template

As such, the 2021–22 Supplement will be submitted for review and approval as part of the LEA's 2022–23 LCAP.

## **Instructions**

Respond to the following prompts, as required. In responding to these prompts, LEAs must, to the greatest extent practicable, provide succinct responses that contain a level of detail that will be meaningful and accessible for the LEA's educational partners and the broader public and must, to the greatest extent practicable, use language that is understandable and accessible to parents.

In responding to these prompts, the LEA has flexibility to reference information provided in other planning documents. An LEA that chooses to reference information provided in other planning documents must identify the plan(s) being referenced, where the plan(s) are located (such as a link to a web page), and where in the plan the information being referenced may be found.

**Prompt 1:** "A description of how and when the LEA engaged, or plans to engage, its educational partners on the use of funds provided through the Budget Act of 2021 that were not included in the 2021–22 Local Control and Accountability Plan (LCAP)."

In general, LEAs have flexibility in deciding what funds are included in the LCAP and to what extent those funds are included. If the LEA received funding through the Budget Act of 2021 that it would have typically included within its LCAP, identify the funds provided in the Budget Act of 2021 that were not included in the LCAP and provide a description of how the LEA has engaged its educational partners on the use of funds. If an LEA included the applicable funds in its adopted 2021–22 LCAP, provide this explanation.

**Prompt 2:** "A description of how LEA used, or plans to use, the concentration grant add-on funding it received to increase the number of staff who provide direct services to students on school campuses with an enrollment of students who are low-income, English learners, and/or foster youth that is greater than 55 percent."

If LEA does not receive a concentration grant or the concentration grant add-on, provide this explanation.

Describe how the LEA is using, or plans to use, the concentration grant add-on funds received consistent with California *Education Code* Section 42238.02, as amended, to increase the number of certificated staff, classified staff, or both, including custodial staff, who provide direct services to students on school campuses with greater than 55 percent unduplicated pupil enrollment, as compared to schools with an enrollment of unduplicated students that is equal to or less than 55 percent.

In the event that the additional concentration grant add-on is not sufficient to increase the number of staff providing direct services to students at a school with an enrollment of unduplicated students that is greater than 55 percent, describe how the LEA is using the funds to retain staff providing direct services to students at a school with an enrollment of unduplicated students that is greater than 55 percent.

**Prompt 3:** "A description of how and when the LEA engaged its educational partners on the use of one-time federal funds received that are intended to support recovery from the COVID-19 pandemic and the impacts of distance learning on pupils."

If the LEA did not receive one-time federal funding to support recovery from the COVID-19 pandemic and the impacts of distance learning on students, provide this explanation.

Describe how and when the LEA engaged its educational partners on the use of one-time federal funds it received that are intended to support recovery from the COVID-19 pandemic and the impacts of distance learning on students. See the COVID-19 Relief Funding Summary Sheet web page (<a href="https://www.cde.ca.gov/fg/cr/relieffunds.asp">https://www.cde.ca.gov/fg/cr/relieffunds.asp</a>) for a listing of COVID-19 relief funding and the Federal Stimulus Funding web page (<a href="https://www.cde.ca.gov/fg/cr/">https://www.cde.ca.gov/fg/cr/</a>) for additional information on these funds. The LEA is not required to describe engagement that has taken place related to state funds.

**Prompt 4:** "A description of how the LEA is implementing the federal American Rescue Plan Act and federal Elementary and Secondary School Emergency Relief expenditure plan, and the successes and challenges experienced during implementation."

If an LEA does not receive ESSER III funding, provide this explanation.

Describe the LEA's implementation of its efforts to maintain the health and safety of students, educators, and other staff and ensure the continuity of services, as required by the federal American Rescue Plan Act of 2021, and its implementation of the federal Elementary and Secondary School Emergency Relief (ESSER) expenditure plan to date, including successes and challenges.

**Prompt 5:** "A description of how the LEA is using its fiscal resources received for the 2021–22 school year in a manner that is consistent with the applicable plans and is aligned with the LEA's 2021–22 LCAP and Annual Update."

Summarize how the LEA is using its fiscal resources received for the 2021–22 school year to implement the requirements of applicable plans in a manner that is aligned with the LEA's 2021–22 LCAP. For purposes of responding to this prompt, "applicable plans" include the Safe Return to In-Person Instruction and Continuity of Services Plan and the ESSER III Expenditure Plan.

## **ESSER III Expenditure Plan**

Board Approved: October 26, 2021; Resubmitted to LACOE: January 20, 2022; Board Ratified:

Local Educational Agency (LEA) Name	Contact Name and Title	Email and Phone
iLEAD Agua Dulce	Lisa Latimer, Director	lisa.latimer@ileadaguadulce.org (661) 268-6386

School districts, county offices of education, or charter schools, collectively known as LEAs, that receive Elementary and Secondary School Emergency Relief (ESSER) funds under the American Rescue Plan Act, referred to as ESSER III funds, are required to develop a plan for how they will use their ESSER III funds. In the plan, an LEA must explain how it intends to use its ESSER III funds to address learners' academic, social, emotional, and mental health needs, as well as any opportunity gaps that existed before, and were worsened by, the COVID-19 pandemic. An LEA may also use its ESSER III funds in other ways, as detailed in the Fiscal Requirements section of the Instructions. In developing the plan, the LEA has flexibility to include community input and/or actions included in other planning documents, such as the Local Control and Accountability Plan (LCAP), provided that the input and actions are relevant to the LEA's Plan to support learners.

## **Summary of Planned ESSER III Expenditures**

Below is a summary of the ESSER III funds received by the LEA and how the LEA intends to expend these funds in support of learners.

#### Total ESSER III funds received by the LEA

\$206,648 \$207,020

Plan Section	Total Planned ESSER III Expenditures
Strategies for Continuous and Safe In-Person Learning	\$103,324
Addressing Lost Instructional Time (a minimum of 20 percent of the LEAs ESSER III funds)	\$51,662
Use of Any Remaining Funds	\$51,662 <b>\$52,034</b>

## Total ESSER III funds included in this plan

\$206,648 \$207,020

## **Community Engagement**

An LEA's decisions about how to use its ESSER III funds will directly impact the learners, families, and the local community. The following is a description of how the LEA meaningfully consulted with its community members in determining the prevention and mitigation strategies, strategies to address the academic impact of lost instructional time, and any other strategies or activities to be implemented by the LEA. In developing the plan, the LEA has flexibility to include input received from community members during the development of other LEA Plans, such as the LCAP, provided that the input is relevant to the development of the LEA's ESSER III Expenditure Plan.

A description of the efforts made by the LEA to meaningfully consult with its required community members and the opportunities provided by the LEA for public input in the development of the plan.

Community engagement and consultation with educational partners and the community at large took place with schoolwide information and specific meeting discussions. The learners, staff, parents and community at large were notified of the ESSER funding and planning through the Monday Message. Through working with parent groups, the school received feedback on specific needs as a result of the pandemic. The staff analyzed data to develop the plan. They reviewed the plan with staff at meetings on the development of the plan. iLEAD Agua Dulce does not have a significant EL subgroup, nor an ELAC. The EL/Homeless/Foster/Migrant administrative support personnel was included in the planning. The LEA also does not serve a tribe nor holds a civil rights organization partnership at this time. State and local requirements were monitored so that the plan remained current to ensure the facilities were prepared to be an ongoing safe space for instruction, social emotional needs were being met, and learning gaps addressed. Support staff communicated with and attended state and local health meetings for pertinent updates. Prior to board meetings, the agenda and ESSER III plan were posted at the meeting location and on the public website for all educational partners and the community at large. The information was also discussed at board meetings that are open to the public and the community at large (which included opportunities for public comment). The special education administrative support team were in attendance during board discussions and actions taken to approve this plan.

A description of how the development of the plan was influenced by community input.

Based on input from staff, learners, parents and the community at large, alongside academic and social-emotional observation of learners, and learner need, additional technology, staffing, safety measures, curriculum, and/or social emotional supports were added to support the learners and mitigate learning loss. Ongoing input from state and local health departments drove specific safety measures needed to ensure a safe learning environment.

## **Actions and Expenditures to Address Learner Needs**

The following is the LEA's plan for using its ESSER III funds to meet learners' academic, social, emotional, and mental health needs, as well as how the LEA will address the opportunity gaps that existed before, and were exacerbated by, the COVID-19 pandemic. In developing the plan, the LEA has the flexibility to include actions described in existing plans, including the LCAP and/or Expanded Learning Opportunity (ELO) Grant Plan, to the extent that the action(s) address the requirements of the ESSER III Expenditure Plan.

## Strategies for Continuous and Safe In-Person Learning

# ESSER III Expenditure Plan Executive Summary for Board Information October 2021

Local educational agencies (LEAs) that receive Elementary and Secondary School Emergency Relief (ESSER) funds under the American Rescue Plan (ARP) Act, referred to as ESSER III funds, are required to develop a plan detailing how they will use their ESSER III funds to, at a minimum, address learners' academic, social, emotional, and mental health needs, as well as the opportunity gaps that existed before, and were exacerbated by, the COVID-19 pandemic. The plan is required to address the following:

- The extent to which and how the funds will be used to implement prevention and mitigation strategies that are, to the greatest extent practicable, consistent with the most recent CDC guidance on reopening schools, in order to continuously and safely open and operate schools for in-person learning.
- How the LEA will use the minimum of 20% of funds it reserves for learning loss to address the academic impact of lost
  instructional time through the implementation of evidence-based interventions, such as summer learning or summer enrichment,
  extended day, comprehensive after school programs, or extended school year programs.
- How the LEA will spend its remaining ESSER III funds consistent with the allowable uses.
- How the LEA will ensure that the interventions it implements, including but not limited to the interventions to address learning
  loss, will respond to the academic, social, emotional, and mental health needs of all learners, and particularly those learners
  disproportionately impacted by the COVID–19 pandemic, including learners from low-income families, learners of color, English
  learners, children with disabilities, learners experiencing homelessness, children in foster care, and migratory learners.

In developing their plan, LEAs must engage in meaningful consultation with specified educational partners, including: learners; families; school and charter school administrators (including special education administrators); and facilitators, directors, school leaders, other educators, school staff, and their unions. In addition, LEAs must also engage in meaningful consultation, to the extent they are present or served by the LEA, with: Tribes; civil rights organizations (including disability rights organizations); and stakeholders representing the interests of children with disabilities, English learners, children experiencing homelessness, children in foster care, migratory learners, children who are incarcerated, and other underserved learners. Finally, LEAs must provide the opportunity to provide public input and take such input into account.

The plan must be adopted by the local governing board or body of the LEA at a public meeting on or before October 29, 2021 and must be submitted for review and approval within five days of adoption. A school district must submit its ESSER III Expenditure Plan to its County Office of Education (COE) for review and approval; a COE must submit its plan to the California Department of Education for review and approval. A charter school must submit its plan to its chartering authority for review and to the COE of the county in which the charter school operates for review and approval. In addition, the plan must be made publicly available on the LEA's website.
