Board Approved: May 2026

HIGH SCHOOL DIPLOMA

The term “regular high school diploma” is defined as a diploma fully aligned to grade-level standards. Students typically complete mandated academic courses to receive a standard high school diploma. California Education Code 51225.3 defines the mandated high school courses needed to earn a regular high school diploma.

iLEAD Agua Dulce has chosen to provide differentiated diploma options. These alternatives not only address the mandated high school courses needed to earn a regular high school diploma, but also offer a diploma based on A-G requirements that provide greater access to college and exceed the state’s minimum requirements. IB diploma programme requirements will be adjusted as dictated by IB.

- Foster Youth

- Homeless Youth
- Former Juvenile Court Youth
- Children of Military Families
- Migrant Youth
- Newcomer Youth

Should a learner in one of the above groups meet the requirements under EC 51225.1, school counselor will work with the learners who will either choose to:

- Complete a 5th year at iLEAD Agua Dulce in order to meet iLEAD Agua Dulce diploma requirements, OR ● Complete the iLEAD Agua Dulce Graduation Requirement Exemption waiver to become eligible for a diploma under California's minimum graduation requirements.

iLEAD Agua Dulce shall ensure a learner who meets the criteria under EC 51225.1, shall be eligible to participate in any graduation ceremony and any school activity related to graduation in which a graduating learner of a similar age would be eligible to participate.

In addition, the school Director or designee shall have authority to grant exemptions from local graduation requirements in accordance with law and Board policy. Individual exemption determinations shall not require separate Board approval. A learner is permitted to graduate upon completion of the California state minimum graduation requirements when: the learner has experienced significant, documented unforeseen circumstances beyond the learner's control (e.g., severe medical condition, family crisis, displacement, or other hardship), and the learner has made a good faith effort to meet district graduation requirements, and completion of additional district requirements is not reasonably possible within the learner's four-year high school timeline. Any such determination shall be made on a case-by-case basis and shall not establish precedent.
