AB 361 Emergency Legislation Regarding Brown Act Meeting Requirements Board Approved:

Whereas, the Governor signed an Executive Order Suspending the Brown Act until October 1, 2021,

Whereas, the Governor signed Emergency Legislation AB 361 in September 2021,

Whereas, according to AB 361, the public charter school Board may take advantage of additional flexibility in teleconference meetings so long as the school complies with the following:

- The public has access via internet and/or telephone to the Board meeting and can provide public comment in some electronic form,
- The charter school uses it sound discretion and makes reasonable efforts to adhere, as closely as possible, to the other provisions of the Brown Act in order to maximize transparency and provide public access.

Whereas, AB 361 states that:

• If there is a state of emergency proclaimed by the Governor, the same suspension of teleconferencing rules apply, if either state or local officials have imposed or recommended measures to promote social distancing or, by Board vote a finding imminent risk to health or safety of attendees.

Whereas, SB 361 requires:

- The Board must provide means of how public comment will be available (internet/by phone);
- If a technical disruption occurs, no action can be taken; and
- No early requirement for public comment will be set into place and the Board shall allow for "real time" comments during full public comment period; and
- The Board makes a finding every 30 days to continue teleconferencing.

Therefore, based on the Board's 30-day reconsideration of the current circumstances of the State of Emergency and situations of the State of Emergency continues to directly impact the ability of members to meet safely in person, and/or the State or local officials continue to impose or recommend measures to promote social distancing;

The Board has determined that it will hold its next meeting in a hybrid mode allowing Board Members and the public to attend the meetings in person using social distancing requirements or virtually given individual needs and choice of the attendee.

SSC Approved: November 10th, 2022 Board Approved:

Purpose

The purpose of this plan is for targeted support and improvement for learners falling below proficient in English Language Arts and Math.

The school Single Plan for School Achievement goals are based upon a comprehensive needs assessment that includes an analysis of verifiable state data, including information displayed on the most current CA School Dashboard. Other school data, such as NWEA MAP assessments, is utilized to further measure and monitor achievement throughout the school year. School goals are aligned with iLEAD Agua Dulce's Local Control Accountability Plan (LCAP) goals and include the same metrics/indicators where possible. Input and advice is solicited from key school community members including staff and parents.

The school receives Federal Title I, Title II, and Title IV funding from the Federal government. Title I funding is allocated for Math and ELA interventions. Title II is allocated for staff development to ensure equitable access to quality educators. Title IV funding is used to assure that learners receive a well-rounded education.

ESSA Requirements

This plan will align our school goals in this SPSA to the school's Local Control and Accountability Plan (LCAP) as possible. The school will meet the Every Student Succeeds Act (ESSA) by having fidelity and

coherence to the California State Standards and the school's educational program as outlined in the most recent charter petition. The school will use Project-Based Learning, a focus on social emotional learning (SEL), and personalized support with a Multi-Tiered System of Support (MTSS). NWEA MAP assessments in math and reading are given 3 times annually to differentiate learning and target struggling learners for support, as well as monthly data protocol by class/grade level and semester school-wide data protocols. The focus on schoolwide coherence, teamwork, learner engagement, learner achievement is how we will strive to meet the ESSA requirements. Educational partners, including the SSC, staff, Board parents, and school leaders will review the SPSA and learning data to ensure that it reflects efforts to increase learner growth and achievement through data informed practices. The SPSA compliments the school's LCAP goals and actions to ensure efficiency in evidence-based continuous improvement practices and school resources.

Educational Partner Involvement

The annual SPSA process starts in the spring for the following school year and is finalized in the fall after initial learner assessment data is analyzed. The school utilizes numerous ways to obtain feedback and input for the development of the Single Plan for Student Achievement (SPSA) plan. The SPSA is reviewed and input is welcomed by the learners, staff, parents, Board Members, and community members. Staff reviews and analyzes the SPSA through staff meetings. A School Site Council meeting is held to review, give input, and approve the plan before going to the School Board Members for approval.

Goals, Strategies, Expenditures

Goal 1: Enhance academic support and interventions in order to address the needs of low-achieving learners and those at risk of not meeting the challenging state standards in ELA grades 1st-4th.

Identified
Need

There is a need to increase academic achievement in ELA for identified learners needing targeted intervention based on internal NWEA MAP scores and CAASPP.

	Annual Review
SPSA Year Reviewed: 2021-2022	Summary: iLEA Agua Dulce Facilitators worked to implement an ELA intervention program in grades 2-8 for targeted learners falling well below state level of proficiency as measured by NWEA MAP scores in Fall 2021.
Describe the overall implementation of the strategies/activities and the overall effectiveness of the strategies/activities to achieve the articulated goals.	Facilitators and Care Team worked with targeted learners during instructional time in small group live instruction and through the school's LMS to deliver and monitor intervention strategies, tutoring, and support in meeting individual learner's Math goals. NWEA MAP data ELA software and curriculum were used to design individual lessons and practice for learner's based on their skill development needs.
	iLEAD Agua Dulce did not meet the 21/22 goal for a 2% increase in the number of learners close, meeting, or exceeding benchmark standards on NWEA MAP. However, this metric is not the only indicator of programmatic success of targeted intervention. While Agua Dulce did not grow to the full 2% in benchmark standards, overall, the school met their CGI (conditional growth index) goal, where learners met their projected growth on NWEA MAP testing from fall to spring in ELA.

Briefly describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goals.

There were no major differences between intended implementation or budged expenditures during the implementation time period. All strategies were implemented as planned. A minor difference was that staff identified as Title I staff to work with learners changed mid-year. Staff were trained, and all necessary documentation was completed in order to ensure that no gap in intervention services to targeted learners occured.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or After careful consideration, the metric for monitoring annual outcomes was changed slightly. Rather than using the number of learners who were close, meeting, or exceeding MAP RIT number, it was determined

strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA. by school staff and administration that a more accurate and informative metric would be to use the MAP conditional growth index (CGI), which will demonstrate the percentage of learners annually who met their projected growth for the year (fall to spring). This will show the growth of learners in the year due to intervention strategies and activities.

To adjust this year, iLEAD Agua Dulce will shorten the grade span intervention program, providing more targeted support where studies show it is most crucial for learners to gain reading skills.

iLEAD Agua Dulce has also adopted a new ELA curriculum, which teaches the science of reading. Overwhelming recent evidence shows this approach's effectiveness to supporting reading and writing growth and achievement in grades 1-5.

Starting in 23/24, iLEAD Agua Dulce is providing specialized workshops in the area of ELA to help deepen intervention strategies for targeted learners in addition to intervention strategies and programs utilized last year.

Goals, Strategies, Expenditures

Instructions

The School Plan for Student Achievement (SPSA) is a strategic plan that maximizes the resources available to the school while minimizing duplication of effort with the ultimate goal of increasing learner achievement. SPSA development should be aligned with and inform the Local Control and Accountability Plan process.

The SPSA consolidates all school-level planning efforts into one plan for programs funded through the consolidated application (ConApp), and for federal school improvement programs, including schoolwide programs, Comprehensive Support and Improvement (CSI), Targeted Support and Improvement (TSI), and Additional Targeted Support and Improvement (ATSI), pursuant to California *Education Code* (*EC*) Section 64001 and the Elementary and Secondary Education Act as amended by the Every Student Succeeds Act (ESSA). This template is designed to meet schoolwide program planning requirements. It also notes how to meet CSI, TSI, or ATSI requirements, as applicable.

California's ESSA State Plan supports the state's approach to improving learner group performance through the utilization of federal resources. Schools use the SPSA to document their approach to maximizing the impact of federal investments in support of underserved learners. The implementation of ESSA in California presents an opportunity for schools to innovate with their federally-funded programs and align them with the priority goals of the school and the LEA that are being realized under the state's Local Control Funding Formula (LCFF).

The LCFF provides schools and LEAs flexibility to design programs and provide services that meet the needs of learners in order to achieve readiness for college, career, and lifelong learning. The SPSA planning process supports continuous cycles of action, reflection, and improvement. Consistent with *EC* 65001, the Schoolsite Council (SSC) is required to develop and annually review the SPSA, establish an annual budget, and make modifications to the plan that reflect changing needs and priorities, as applicable.

For questions related to specific sections of the template, please see instructions below:

Instructions: Table of Contents

The SPSA template meets the requirements of schoolwide planning (SWP). Each section also contains a notation of how to meet CSI, TSI, or ATSI requirements.

Purpose and Description

Schools identified for Comprehensive Support and Improvement (CSI), Targeted Support and Improvement (TSI), or Additional Targeted Support and Improvement (ATSI) must respond to the following prompts. A school that has not been identified for CSI, TSI, or ATSI may delete the Purpose and Description prompts.

Purpose

Briefly describe the purpose of this plan by selecting from Schoolwide Program, Comprehensive Support and Improvement, Targeted Support and Improvement, or Additional Targeted Support and Improvement)

Description

Briefly describe the school's plan for effectively meeting ESSA requirements in alignment with the Local Control and Accountability Plan and other federal, state, and local programs.

Stakeholder Involvement

Meaningful involvement of parents, learners, and other stakeholders is critical to the development of the SPSA and the budget process. Schools must share the SPSA with school site-level advisory groups, as applicable (e.g., English Learner Advisory committee, learner advisory groups, tribes and

tribal organizations present in the community, as appropriate, etc.) and seek input from these advisory groups in the development of the SPSA.

The Stakeholder Engagement process is an ongoing, annual process. Describe the process used to involve advisory committees, parents, learners, school faculty and staff, and the community in the development of the SPSA and the annual review and update.

[This section meets the requirements for TSI and ATSI.]

[When completing this section for CSI, the LEA shall partner with the school in the development and implementation of this plan.]

Resource Inequities

Schools eligible for CSI or ATSI must identify resource inequities, which may include a review of LEA-and school-level budgeting as a part of the required needs assessment. Identified resource inequities must be addressed through implementation of the CSI or ATSI plan. Briefly identify and describe any resource inequities identified as a result of the required needs assessment and summarize how the identified resource inequities are addressed in the SPSA.

[This section meets the requirements for CSI and ATSI. If the school is not identified for CSI or ATSI this section is not applicable and may be deleted.]

Goals, Strategies, Expenditures, & Annual Review

In this section a school provides a description of the annual goals to be achieved by the school. This section also includes descriptions of the specific planned strategies/activities a school will take to meet the identified goals, and a description of the expenditures required to implement the specific strategies and activities.

Goal

State the goal. A goal is a broad statement that describes the desired result to which all strategies/activities are directed. A goal answers the question: What is the school seeking to achieve?

It can be helpful to use a framework for writing goals such the S.M.A.R.T. approach. A S.M.A.R.T. goal is one that is **S**pecific, **M**easurable, **A**chievable, **R**ealistic, and **T**ime-bound. A level of specificity is needed in order to measure performance relative to the goal as well as to assess whether it is reasonably achievable. Including time constraints, such as milestone dates, ensures a realistic approach that supports learner success.

A school may number the goals using the "Goal #" for ease of reference.

[When completing this section for CSI, TSI, and ATSI, improvement goals shall align to the goals, actions, and services in the LEA LCAP.]

Identified Need

Describe the basis for establishing the goal. The goal should be based upon an analysis of verifiable state data, including local and state indicator data from the California School Dashboard (Dashboard) and data from the School Accountability Report Card, including local data voluntarily collected by districts to measure pupil achievement.

[Completing this section fully addresses all relevant federal planning requirements]

Annual Measurable Outcomes

Identify the metric(s) and/or state indicator(s) that the school will use as a means of evaluating progress toward accomplishing the goal. A school may identify metrics for specific learner groups. Include in the baseline column the most recent data associated with the metric or indicator available at the time of adoption of the SPSA. The most recent data associated with a metric or indicator includes data reported in the annual update of the SPSA. In the subsequent Expected Outcome column, identify the progress the school intends to make in the coming year.

[When completing this section for CSI the school must include school-level metrics related to the metrics that led to the school's identification.]

[When completing this section for TSI/ATSI the school must include metrics related to the specific learner group(s) that led to the school's identification.]

Strategies/Activities

Describe the strategies and activities being provided to meet the described goal. A school may number the strategy/activity using the "Strategy/Activity #" for ease of reference.

Planned strategies/activities address the findings of the needs assessment consistent with state priorities and resource inequities, which may have been identified through a review of the local educational agency's budgeting, its local control and accountability plan, and school-level budgeting, if applicable.

[When completing this section for CSI, TSI, and ATSI, this plan shall include evidence-based interventions and align to the goals, actions, and services in the LEA LCAP.]

[When completing this section for CSI and ATSI, this plan shall address through implementation, identified resource inequities, which may have been identified through a review of LEA- and school-level budgeting.]

Students to be Served by this Strategy/Activity

Indicate in this box which learners will benefit from the strategies/activities by indicating "All Students" or listing one or more specific learner group(s) to be served.

[This section meets the requirements for CSI.]

[When completing this section for TSI and ATSI, at a minimum, the learner groups to be served shall include the learner groups that are consistently underperforming, for which the school received the TSI or ATSI designation. For TSI, a school may focus on all learners or the learner group(s) that led to identification based on the evidence-based interventions selected.]

Proposed Expenditures for this Strategy/Activity

For each strategy/activity, list the amount(s) and funding source(s) for the proposed expenditures for the school year to implement these strategies/activities. Specify the funding source(s) using one or more of the following: LCFF, Federal (if Federal, identify the Title and Part, as applicable), Other State, and/or Local.

Proposed expenditures that are included more than once in a SPSA should be indicated as a duplicated expenditure and include a reference to the goal and strategy/activity where the expenditure first appears in the SPSA. Pursuant to Education Code, Section 64001(g)(3)(C), proposed expenditures, based on the projected resource allocation from the governing board or governing body of the LEA, to address the findings of the needs assessment consistent with the state priorities including identifying resource inequities which may include a review of the LEA's budgeting, its LCAP, and school-level budgeting, if applicable.

[This section meets the requirements for CSI, TSI, and ATSI.]

[NOTE: Federal funds for CSI shall not be used in schools identified for TSI or ATSI. In addition, funds for CSI shall not be used to hire additional permanent staff.]

Annual Review

In the following Analysis prompts, identify any material differences between what was planned and what actually occurred as well as significant changes in strategies/activities and/ or expenditures from the prior year. This annual review and analysis should be the basis for decision-making and updates to the plan.

Analysis

Using actual outcome data, including state indicator data from the Dashboard, analyze whether the planned strategies/activities were effective in achieving the goal. Respond to the prompts as instructed. Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal the Annual Review section is not required and this section may be deleted.

• Describe the overall implementation of the strategies/activities and the overall effectiveness of the strategies/activities to achieve the articulated goal.

- Briefly describe any major differences between either/or the intended implementation or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.
- Describe any changes that will be made to the goal, expected annual measurable outcomes, metrics/indicators, or strategies/activities to achieve this goal as a result of this analysis and analysis of the data provided in the Dashboard, as applicable. Identify where those changes can be found in the SPSA.

[When completing this section for CSI, TSI, or ATSI, any changes made to the goals, annual measurable outcomes, metrics/indicators, or strategies/activities, shall meet the CSI, TSI, or ATSI planning requirements. CSI, TSI, and ATSI planning requirements are listed under each section of the Instructions. For example, as a result of the Annual Review and Update, if changes are made to a goal(s), see the Goal section for CSI, TSI, and ATSI planning requirements.]

Budget Summary

In this section a school provides a brief summary of the funding allocated to the school through the ConApp and/or other funding sources as well as the total amount of funds for proposed expenditures described in the SPSA. The Budget Summary is required for schools funded through the ConApp and that receive federal funds for CSI. If the school is not operating a Title I schoolwide program this section is not applicable and may be deleted.

From its total allocation for CSI, the LEA may distribute funds across its schools that meet the criteria for CSI to support implementation of this plan. In addition, the LEA may retain a portion of its total allocation to support LEA-level expenditures that are directly related to serving schools eligible for CSI.

Budget Summary

A school receiving funds allocated through the ConApp should complete the Budget Summary as follows:

- Total Funds Provided to the School Through the Consolidated Application: This amount is the total amount of funding provided to the school through the ConApp for the school year. The school year means the fiscal year for which a SPSA is adopted or updated.
- Total Funds Budgeted for Strategies to Meet the Goals in the SPSA: This amount is the total of the proposed expenditures from all sources of funds associated with the strategies/activities reflected in the SPSA. To the extent strategies/activities and/or proposed expenditures are listed in the SPSA under more than one goal, the expenditures should be counted only once.

A school receiving federal funds for CSI should complete the Budget Summary as follows:

• Total Federal Funds Provided to the School from the LEA for CSI: This amount is the total amount of funding provided to the school from the LEA.

[NOTE: Federal funds for CSI shall not be used in schools eligible for TSI or ATSI. In addition, funds for CSI shall not be used to hire additional permanent staff.]

Appendix A: Plan Requirements

Schoolwide Program Requirements

This School Plan for Student Achievement (SPSA) template meets the requirements of a schoolwide program plan. The requirements below are for planning reference.

A school that operates a schoolwide program and receives funds allocated through the ConApp is required to develop a SPSA. The SPSA, including proposed expenditures of funds allocated to the school through the ConApp, must be reviewed annually and updated by the SSC. The content of a SPSA must be aligned with school goals for improving learner achievement.

Requirements for Development of the Plan

- A. Administration of a comprehensive needs assessment that forms the basis of the school's goals contained in the SPSA.
 - 1. The comprehensive needs assessment of the entire school shall:
 - a. Include an analysis of verifiable state data, consistent with all state priorities as noted in Sections 52060 and 52066, and informed by all indicators described in Section 1111(c)(4)(B) of the federal Every Student Succeeds Act, including pupil performance against state-determined long-term goals. The school may include data voluntarily developed by districts to measure pupil outcomes (described in the Identified Need); and

Telework Policy and Procedures

Introduction

Teleworking is a flexible work arrangement that allows employees of iLEAD Agua Dulce ("Organization") to work remotely at home, or in a satellite location, for all or part of their workweek. The Organization considers teleworking to be a viable, flexible work option when both the employee and the position are suited to such an arrangement. This Telework Policy is to promote general work efficiency, to continue operations during an emergency, or to accommodate other unique circumstances as approved by an employee's supervisor/Manager.

Teleworking may be appropriate for some employees and positions, but not for others. Whether a job position is eligible for telework is at the sole discretion of the Organization. Teleworking is a benefit, not an entitlement, and it in no way changes the terms and conditions of employment with the Organization.

Definitions

Telework

Working one or more regularly scheduled workdays with Organization approval away from an Organization worksite, either at a home residence or a mutually agreed upon alternative worksite/location.

Teleworker

An employee who has received approval by their supervisor/manager to perform job duties away from an employee's primary location, either at a home residence or a mutually agreed upon alternative worksite/location.

Organization Worksite

A designated campus, office, or other property of the Organization, not including a teleworker's designated home office.

Home Worksite

A designated home residence or a mutually agreed upon alternative worksite/location where Telework may be performed.

The Organization has four Telework arrangement options available to qualifying employees and job positions. Managers will review with eligible employees if any of these work arrangement options are feasible. While the Organization will take employee input into account, the final decision on the exact Telework assignment will be at the discretion of the supervisor/manager. The Organization may make changes to the Telework arrangement options as warranted and according to business needs.

1. Hybrid Telework

This work arrangement involves the flexibility to perform work at the Organization Worksite

and the Teleworker's Home Worksite. For example, the employee works 3 days at the Organization Worksite and 2 days from the Home Worksite. The supervisor/manager and employee establish a mutually agreed upon schedule. Hybrid Telework assignments may or may not have a specified end date.

2. Short Term Telework

This work arrangement involves the flexibility to perform work away from the Organization Worksite either in state or out of state for 30 days or less.

3. Full-time In-State Telework (primary residence in the state of the employing organization)

This work arrangement involves working remotely in the state of the Organization's home office on a continuous basis. The supervisor/manager and employee establish work and communication expectations for achieving work success during Teleworking.

4. Full-time Out-of-State Telework (primary residence out of the state of the employing organization)

This work arrangement involves working remotely outside of the state of the Organization's home office on a continuous basis. The supervisor/manager and employee establish work and communication expectations for achieving work success during teleworking.

Eligibility and Procedures

Before entering into any Teleworking arrangement, the employee and supervisor/manager, will take the following into consideration to determine eligibility:

Position suitability

Suitable positions for Telework are characterized by clearly defined tasks, essential functions and work products. The employee and supervisor/manager will discuss the job responsibilities and determine if the position is suitable and appropriate for a Telework arrangement. An employee's position may be suitable for Telework when:

- The employee's primary duty includes the exercise of discretion and independent judgment with respect to matters of significance related to general business operations of the employer or the employer's customers.
- The position is primarily knowledge-based.
- The employees hold themselves to measurable deliverables.
- The position does not require frequent face to face interaction at the regular worksite with supervisor/managers, colleagues, clients, or the public, or in person.
- The essential functions do not require the employee's presence at the Organization Worksite.
- The position is not essential to the management of on-site workflow.

Employee suitability

The employee and supervisor/manager will assess the needs and work habits of the employee, compared to traits customarily recognized as appropriate for successful teleworkers. An employee may be suitable for teleworking when they demonstrate and possess the following performance criteria:

- Demonstrates dependability and responsibility
- Effectively communicates with supervisors, coworkers, and clients

- Possesses the ability to work with minimal to no supervision
- Demonstrates a consistently high rate of productivity
- Demonstrates job knowledge and level of skill to perform the job effectively and efficiently
- Possesses the ability to prioritize work effectively
- Demonstrates good organizational and time management skills
- Demonstrates motivation
- Has a history of positive performance without a recent record of discipline or performance deficits

Employee will be provided with the *Telework Safety Checklist* for completion and return to your supervisor/manager and cc: Employee Services at employeeservices@ileadcalifornia.org.

Length of Assignment

Unless another length of time is specified, Telework assignments are generally granted on a school year to school year basis, unless otherwise ended by the Teleworker or the Organization. Telework assignments for a future school year should be requested before the end of the current school year to have the highest likelihood of approval.

Telework assignments in place as of Fall 2022 are projected to remain in place until June 30, 2023. The Organization reserves the right to end any Telework assignments earlier as needed. Any projections on how long a Telework assignment may last have no effect on the at-will nature of employment with the Organization and are merely forecasts for what may apply should the employee remain employed with the Organization.

Employment

Employees of the Organization remain at-will regardless of the assignment of Telework. This Policy does not imply or serve as an employment contract or guarantee of continued employment nor does it alter or limit the right of the Organization to terminate a Teleworker "at will."

Job responsibilities, compensation, benefits, standards of performance, and performance evaluations remain the same as when working at the regular work site. The supervisor/manager reserves the right to assign work as necessary at any work site.

Teleworkers remain obligated to comply with all Organization rules, policies, procedures, practices. Violation of Organization policies may result in preclusion from telework and/or disciplinary action, up to and including termination of employment.

Business Hours and Workweek

The Organization's regular business hours are from 8:00 a.m. to 4:30 p.m. (PST) Monday through Friday. Teleworkers may be assigned to work during regular business hours or on an alternative work schedule, as instructed by a supervisor/manager. Teleworkers may also be scheduled to work evening hours or on a weekend, as directed by their supervisor. The workweek begins at 12:00 a.m. (PST) Saturday and ends at 11:59 p.m. (PST) on Friday.

Meal and Rest Periods

Teleworkers are entitled to the same meal breaks and rest periods to which they would be entitled while working at the Organization Worksite. This includes a thirty (30) minute unpaid meal break for employees working five (5) to ten (10) hours, a paid rest break for nonexempt Teleworkers working three and a half (3.5) hours or more, and additional paid rest breaks for nonexempt Teleworkers working more than six (6) hours, and again after ten (10) hours. Employees are strongly encouraged to step away from work technology during scheduled work breaks and

meals to give their mind a rest from the digital world, and to maintain mental and physical wellbeing. In the workday, take time to engage in mindfulness activities such as stretching, walking and making time for digital breaks.

Nonexempt Employees

Teleworkers who are nonexempt employees will be required to accurately record all hours worked using the Organization's time-keeping system, the same as they would do for work performed at the Organization Worksite.

Only nonexempt employees are eligible for overtime. Overtime hours worked in excess of those scheduled per day and per workweek require the advance approval of the Teleworker's supervisor/manager. Failure to comply with this requirement may result in the immediate termination of the Telework arrangement.

Timekeeping

Teleworkers are required to seek approval for and properly record time taken off work (vacation, holiday, sick days, jury duty, and bereavement, military leave, workers' compensation, etc.). Requests for time off without available sick and vacation accruals (if applicable) will be designated as unpaid. Employees must use the appropriate "no pay" selection in the time keeping system. If time off for a leave of absence is needed, employees must first contact Employee Services at employeeservices@ileadcalifonia.org.

Communication

Teleworkers are to be available by phone, text, web conferencing, and instant messaging during their assigned work hours to assist and support management, co- workers, vendors, students, parents, and customers and to perform their jobs. Any lack of compliance in communication with supervisors/managers and/or internal department team members and cross functional departments teams may result in corrective action including termination of the Telework arrangement, and up to termination of employment.

Operational Needs

Teleworkers may be called into the Organization Worksite or another location where an Organization event is taking placing, when in the discretion of a manager/supervisor, it is deemed appropriate to their job position. The supervisor/manager should provide reasonable notice whenever possible. However, Teleworkers may be required to report to Organization Worksite without advance notice, as needed. The following are examples of events where one's physical presence may be required, but is not limited to:

- iLEAD Staff Retreat
- Camp Make
- All-Boards Retreat (if applicable)
- Professional Learning (if applicable)
- Board Meetings (if applicable)
- 20-day Meetings (if applicable)
- Hiring Events: Star Search/Leadership Cafe (if applicable)
- Leadership Connections (if applicable)
- Team Collaborations (if applicable)

Dress Code

Employees that are approved for Telework are to maintain a neat, clean, and professional

appearance during work hours. As a general rule, business casual appearance is appropriate when engaging in virtual video meetings with clients, vendors, leadership, peers, student and parents

Dependent Care

Telework is not designed to be a replacement for appropriate childcare or kin care. Although an individual employee's schedule may be modified to accommodate childcare needs, the focus of the arrangement must remain on successfully fulfilling job responsibilities and expectations and meeting business demands. The Organization expects Teleworkers to work and be available for work during scheduled work times. Prospective Teleworkers are encouraged to discuss expectations of teleworking with family members prior to telework arrangement.

Absences and Tardiness

If a Teleworker must miss work or will be late for any reason, the Teleworker must notify their supervisor/manager as soon as possible but by no later than one hour before their schedule start time, unless doing so is beyond their control. Absences must be reported day by day unless/until a longer leave is approved by the Organization. Teleworkers who are ill or injured and anticipate being away from work for more than five (5) business days must immediately inform the Organization of their intentions. They are encouraged to speak with their health care provider and Employee Services for information about seeking a Leave of Absence (LOA) or State Disability Insurance benefits.

Equipment and Supplies

Employees may be required by their Telework assignment to use certain technology, equipment, and supplies at their Home Worksite. On a case-by-case basis, the Organization will determine, with information supplied by the employee and the supervisor/manager, the appropriate equipment needs (including hardware, software, hotspot data, virtual phone lines and other office equipment) for each teleworking arrangement. The Employee Services and Information Technology Services Departments will serve as resources in this matter. Equipment provided to the Teleworker by the Organization will be maintained by the Organization, but must be appropriately cared for by the Teleworker when in their possession. The Organization reserves the right to make determinations as to appropriate equipment, subject to change at any time.

Equipment supplied by the organization is to be used for business purposes only. The Teleworker must sign an inventory list in acknowledgement of receipt of all Organization property assigned to them. Teleworkers must take appropriate care of the Organization's property while in their possession and agree to take any reasonable steps or action to protect the items from damage or theft, such as locking the items away when not in use, not loaning them to others, and not allowing anyone else to use the items. The Teleworker must inform the Organization as soon as possible of any equipment malfunctions/failures, losses, or thefts. Upon termination of the Telework arrangement or the employee's employment, the employee must return all property owned by the Organization, unless other arrangements have been made.

The Organization will supply the employee with appropriate office supplies (pens, paper, etc.) as deemed necessary. The Organization will also reimburse the employee for necessary and actual business-related expenses, such as shipping costs, that are reasonably incurred in carrying out the employee's job.

Teleworkers will establish a safe and appropriate work environment within their home for work

purposes. The Organization will not be responsible for costs associated with the setup of the employee's home office, such as remodeling, furniture or lighting, nor for repairs or modifications to the home office space. Employee must secure and keep in force during the telework arrangement homeowner or renters insurance to cover any claims arising out of damage to their personal property and/or equipment.

Personal Equipment

If deemed appropriate by the Organization, equipment supplied by the Teleworker will be maintained in good working order by the Teleworker. The Organization accepts no responsibility for damage or repairs to employee-owned personal equipment. Employees who use their personal equipment for teleworking are responsible for the installation, repair, and maintenance of the equipment. The Organization accepts no responsibility for loss, damage, wear or repairs to employee-owned personal equipment.

Teleworking employees must understand and agree that Organization is entitled to, and may access, any personal equipment used while telecommuting, such as a personal computer, telephone, fax machine, monthly bills, and internet records. Teleworker may be entitled to a monthly stipend to cover certain uses of personal equipment such as a personal cell phone or home internet. More specific information will be provided in the Remote Work Agreement.

Tax and other legal implications

Teleworkers must determine any tax or legal implications under Internal Revenue Service (IRS), state and local government laws, and/or restrictions of working out of a home-based office. Teleworking out-of- state has additional considerations related to taxation, reporting, and applicability of local jurisdiction employment laws. Responsibility for fulfilling all obligations in this area rests solely with the teleworker. Please seek advice from your tax expert.

Security of Confidential Information

Security of confidential information is of primary concern and importance to the Organization. Consistent with state and federal law and the Organization's expectations of information security for employees working at the site, Teleworkers will be expected to ensure the protection of proprietary Organization, student, vendor and customer information accessible from their home office. Steps include the use of locked file cabinets and desks, proper handling and disposal of all materials containing confidential information, regular password protection and maintenance on all systems containing confidential information, and any other measures appropriate for the job and the environment.

All files, records, papers, or other materials created while teleworking are Organization property. Teleworking employees and their supervisor/managers shall identify any confidential, private, or personal information and records to be accessed and ensure appropriate safeguards are used to protect them. The Organization may require employees to work in private locations when handling confidential or sensitive material. The Organization may prohibit employees from printing confidential information in teleworking locations to avoid breaches of confidentiality.

Teleworkers must back up critical information on the Organization designated location other than company issued technology on a regular basis to assure the information can be recovered if the primary source is damaged or destroyed. Teleworkers must ensure that data stored on electronic media is permanently deleted and unrecoverable before media is disposed of or reused. Teleworkers may not disclose confidential or private files, records, materials, or information, and

may not allow access to Organization networks or databases to anyone who is not authorized to have access. Any incidents of loss, damage, or unauthorized access must be reported by the Teleworker to their supervisor/manager immediately.

Public Record Laws

The California Public Records Act and Transparent California Law regarding public information and public records apply to teleworking employees. Public records include any writing containing information relating to the conduct of the public's business prepared, owned, used, or retained by the Organization regardless of physical form or characteristic. Public information means the contents of a public record. Upon receipt of an appropriate request, and subject to authorized exemptions, a Teleworker must permit inspection and examination of any public record or public information in the employee's custody, or any segregable portion of a public record, within required time limits. This requirement exists regardless of where the public record is located.

Safety

Teleworkers are expected to maintain a safe and productive work environment with adequate lighting and ventilation. Teleworker's home workspace is to be free from safety hazards and obstruction. Teleworkers must have fire protection equipment in the home.

With reasonable notice and at a mutually agreed upon time, the Organization may make on-site visits to employee's telework location to ensure that the designated work space is safe and free from hazards, provides adequate protection and security of Organization property, and to maintain, repair, inspect, or retrieve Organization property.

Teleworkers are not to hold business visits or meetings with colleagues, customers or the public at the Home Worksite.

The Organization will provide each Teleworker with a safety checklist that must be completed at least once per year and anytime the Home Worksite changes.

Workers' Compensation

Injuries sustained by the Teleworker at their Home Worksite in conjunction with their regular work duties are normally covered by the Organization's workers' compensation policy. Teleworkers are responsible for notifying the Organization of such injuries as soon as practicable. The Teleworker agrees that it may be necessary for the workers' compensation insurance carrier or the Organization to access the telework site to investigate an injury report.

Workers' compensation does not cover injuries that are not job related. This includes, but is not limited to, commute between the Home Worksite and the Organization Worksite and the Teleworkers non-work time in their own home. Additionally, the Organization shall not be liable for any damage to property or injuries sustained by visitors, third parties or family members at the Home Worksite.

Failure to maintain a proper and safe work environment, in accordance with this policy, may be cause for terminating the Telework arrangement.

Employee Benefits

Teleworkers who are eligible for the Organization sponsored benefits will continue to maintain their benefits during the Telework arrangement. However, some benefit options are not available

out of the state of the primary employer's home office. Please reach out to the Benefits Department for assistance.

Travel

All business travel arrangements must be pre-approved by the Teleworker's supervisor/manager. Teleworkers will not be paid for time or mileage for travel between the Home Worksite and the employee's primary worksite as this travel is considered travel from home to work.

Evaluation/Cancellation/Termination of Telework Arrangement

Any Teleworking arrangement may be discontinued at will and at any time at the request of either the Teleworker, manager/supervisor, or the Organization. Every effort will be made to provide thirty (30) days' notice of such change to accommodate commuting, childcare and other issues that may arise from the termination of a Telework arrangement. There may be instances, however, when no notice is possible.

Upon termination of the telework arrangement or termination of employment, the employee agrees to promptly return the Organization property, files, records, and supplies assigned to them back to the Organization. If the Teleworker's personal computer was used, Organization provided software shall be deleted.

Ad Hoc Arrangements

Temporary Telework arrangements may be approved for circumstances such as inclement weather, special projects or business travel. These arrangements are approved on an asneeded basis only, with no expectation of ongoing continuance. Other informal, short-term arrangements may be made for employees as a reasonable accommodation to the extent practical for the employee and the organization and with the consent of the employee's health care provider, if appropriate.

All informal teleworking arrangements are made on a case-by-case basis, focusing first on the business needs of the Organization. If you should have any questions regarding this policy, please speak with your supervisor/manager or the Employee Service department at employeeservices@ileadcalifornia.org. For work related injuries, please contact supervisor/manager or Employee Service department at employeeservices@ileadcalifornia.org.
