Cheri stated Soroptomists are accepting applications for Education Grants

Kenchy Ragsdale commented on Board Meetings across the state which include protests at public schools and school board meetings by parents concerned with what's happening regarding the recognition of LGBTQ students and families by schools and districts. He spoke specifically to Board Meetings where the majority of these protesters were not parents in these communities and many were not parents at all. He spoke about a friend on a local school board and she said she feared for her life that day. He stated he doesn't think that has anything to do with what's good for kids or families. He stated that he would like to make it clear that what was just described, is not who we are at iLEAD. He went on to say that our schools are about equity and diversity and acceptance of who each of our children is because the most important thing a school can do is to give every child a safe place to learn. He said that this is not just our legal duty, but it's also a moral duty as well and it's a commitment to our learners to do what is best for them above all. He stated that our schools welcome every kid regardless of their Race, Religion, Neurodiversity, Sexual Identity or Gender and that our schools have been a haven for kids who were bullied and suicidal in other public schools.
