

Dear Parents and Guardians of iLEAD Student Support Learners,

As you are all aware, due to concerns over the spread of COVID-19, iLEAD California schools followed suit with the rest of the state, and on March 16 temporarily closed our physical sites to ensure the health and well-being of our learners and staff. While we deeply regret the inconvenience this may cause you and your family, we are glad that iLEAD has alternative means of supporting our learners.

We want to assure you that providing your child with ongoing educational opportunities is our priority and we are working diligently on moving all their services to a virtual platform. Our goal is that they do not go without services for an extended period of time.

We ask during this time that you be patient with our staff as we navigate through this uncharted territory with you. Many of our staff have children of their own at home, and they are working through supporting their own families while they remain committed to providing support for your child in the virtual setting. We will continue to deliver instruction and provide multiple resources and avenues for our learners to grow socially, emotionally, and academically during this time.

We are offering webinars in the coming days to answer any parent questions relating specifically to special education services. Click this link to join us via Zoom at:

<https://zoom.us/j/831607460>

Tuesday, March 17, at 9 a.m. or 5 p.m.

Thursday, March 19, at 5 p.m.

Friday, March 20, at 8:00 a.m.

We trust that you'll stay safe and healthy during this time. If you have any questions, please feel free to reach out to your case manager.

Amber Rogers

Director of iLEAD Student Support
